

# Orwak Flex 4240

Complies to  
**EN16500**  
Safety Standard

**Compact general waste in 240L bins in our new waste compactor flex 4240!** It is a robust and reliable machine with a compact and lightweight design. Thanks to the small footprint, it takes up little floor space. The 4240 is easy, safe and convenient to use! The multiple-chamber unit offers a top-loading setup, while the single-chamber version is based on the principle "Roll in! Compact! Roll out!".

## The Benefits

### + MORE PRODUCTIVE USE OF TIME:

Less time spent on waste handling, more time for your core activities!

### + MORE SPACE & ORDER:

Our balers rapidly minimise the space the waste takes up, keeping aisles free and tidy.

### + LESS COSTS, MORE VALUE:

More compaction = less waste to transport. Fewer transports required results in lower transportation costs and reduced CO<sub>2</sub> emissions. Sorting at source yields a higher quality of waste material for recycling.

## Why the 4240?

- + Versatile compaction for many different application areas.
- + Hygienic and safe compaction and disposal of mixed or hazardous waste.
- + Special solutions for special needs.

Available through:

**Sustainably.**

# Orwak Flex 4240

Smart in-bin compaction solution.

**AN IN-BIN WASTE COMPACTOR FOR STANDARD TWO WHEELED 240L BINS**

**+ IDEAL FOR GENERAL WASTE:**

The 4240 is perfect for hotel and restaurant sectors, where general waste needs to be disposed of in waste bins. The in-bin compactor provides impressive volume reduction, contributing to valuable space-saving and a more profitable waste management.

**+ SAFE AND USER FRIENDLY:**

Model 4240 is user-friendly! The multichamber version is a convenient top-loading installation, while the single-chamber version has an easy wheel-in, wheel-out operation. Safety and quality are our hallmarks and the compactor provides maximum personal safety both for the operator and those in the immediate vicinity. A bin indicator assures that the machine can only start, when the bin is in the right position.

**+ MATERIAL SELECTION:**

The 4240 is a robust and stable machine that, thanks to its compact design, occupies little floor space. A good finish and easy access make cleaning quick and simple.

The compactor is easily extended with additional chambers. The front door on the single-chamber unit is then replaced by an apron for effortless movement of the press head from one chamber to the next.

**+OPTIMISED FOR:**

**Semi-Dry Waste** (General Waste)

Best suited for dry or semi-dry waste destined for landfill or incineration.

Designed to fit the standard 240L Bins in the market

Full protection and no access to moving parts: safety switches on the hatch and the front door/apron

The Single-Chamber unit with swing door

The Multi-Chamber unit equipped with an apron with two handles.

## Dimensions & Specifications

**► MACHINE WEIGHT**

**Total Weight:** Single: 220kg | Double: 320kg  
**Press Unit:** Single: 120kg | Double 120kg  
**Single Stand:** Single: 100kg | Double 100kg

**► TECHNICAL SPECIFICATIONS**

**Bin Size:** 240L  
**Cycle Time:** 29 Secs  
**Press Force:** 1.5 Ton, 15kN  
**Noise Level:** 62.3 db (a)  
**Protection Class:** IP55  
**Operating Power:** Single Phase 230V, 50Hz, 10a  
 Or 3 x 200V, 50/60 Hz, 10a

**► DIMENSIONS**

**Single**

**A:** 2275mm  
**B:** 750mm  
**C:** 920mm  
**D:** 1515mm

**Double**

**A:** 2275mm  
**B:** 1475mm  
**C:** 990mm

**Transport Height:**

Single: 2100mm | Double: 2100mm
